Conditions of Membership

The right of membership to Bunbury Swimming Club (BSC/the Club) is not automatic but rather is subject to acceptance to the Club by the BSC Management Committee. Continued membership is contingent on fulfilling these Conditions of Membership. Swimming WA requires a parent/guardian to join both Swimming WA and BSC for all under 18 members.

Technical Officials and Timekeeping

Swimming WA requires all WA clubs to supply technical officials and timekeepers for all Swimming WA meets. It is, therefore, a compulsory requirement for all BSC members to volunteer to fill these roles, as required by the Club. Failure to volunteer as a technical officer or timekeeper may result in the Club acting, including but not limited to cancelling membership and withdrawing swimmers from meets.

Fundraising

All members and their families are required to assist with fundraising activities, including but not limited to the annual Bunbury Open Carnival (BOC), Club meets and raffles

Publication

By becoming a member of BSC, you give consent to the release of your/your child's name, photo(s) and results in any of our publications, emails, website content, or any other form of social media. Please advise on the BSC membership form if you do not wish to have your photographs or information published in our circulations.

Proof of Age and Citizenship

Swimming WA requires all Clubs to sight and copy a swimmer's birth certificate or passport for all new members to the Club.

Contact Information

The Club uses registration contact information to circulate BSC material and other valuable information. It is the member's responsibility to ensure their contact information is up to date.

Other Policies

BSC has a Dry Team Policy in that no BSC team member can drink alcohol or take/use any recreational drug of any kind. Recreational drugs include any listed as illegal in any State or Territory in Australia. Any team member who breaches the policy is liable to have their membership from the team and club terminated.
